WATTFENCES SERVICES

WF

Wattfences are a well established and respected North Yorkshire based company specialising in all aspects of Racecourse and Horse Racing supplies.

We supply racecourses in the UK and internationally offering a personal service to provide them with all of their requirements.

“ We have over 29 years experience in the Racecourse Industry and our business is based on reputation, trust and understanding the customers’ requirements. We are pleased to show our support to the industry by sponsoring the “Groundstaff” awards for the past 5 years. ”

Bill Watt

WHY CHOOSE WATTFENCES

Trusted

Wattfences have over 29 years experience in the racecourse industry

Design

We are able to individually design our products for the customers requirements

UK Made

All of Wattfences' products are handmade in the UK

Shipping

We deliver across the UK and internationally

Installation

We offer an optional installation service for all of our products

RACECOURSES

We offer a full range of Hurdles, Steeplechase Fences, Wings and PVC products.

We are able to build & repack Steeplechase Fences onsite. We supply padding for all hurdles, fences, wings and gates, running rail posts etc.

DURALOCK – We now offer the full range of Duralock products to Racecourses: Crowd Barrier, Running Rail and Wings.

GILLING – We are the sole supplier of all Gilling products including Running Rail, Wings, Starter Tape and Starter Equipment.

HURDLES

TRADITIONAL HURDLES - Wattfences manufacture their own traditional hurdles from locally sourced ash and constructed as per BHA regulations.

ONE FIT HURDLES - We supply the new one fit design hurdles which are currently being used at over 10 racecourses.

“

I think the One Fit hurdles are the way to go in the future and I'm looking forward to them being used on our racecourses.

”

STEEPLECHASE FENCES

We supply plain and open ditch steeplechase fences

Wattfences can supply timber, permanent and portable frame steeple chase fences.

Roll On/ Roll Off 30ft and 36ft with galvanised steel frame. These fences have increased in popularity over recent years because of their mobility and speed of removal from the course. Our roll on/ roll off fences can now be seen in use at a number of Racecourses including Ludlow, Haydock, Ayr, Musselburgh, Market Rasen, Ascot and Leicester.

GILLING PRODUCTS

**All Gilling products are solely supplied by
Wattfences Ltd**

The Gilling Rail, made to BHA specification, has been in use on Racecourses and Gallops for 30 years. It is easy to move and has spigots available in 2 sizes to suit individual requirements.

Due to its Polypropylene properties the rail will not shatter or splinter if hit.

Swan neck rails are available in white or green.

Product range also include Wings, Start Tape and Starter Equipment.

DURALOCK

We are pleased to be working with our partners Duralock, world leaders in equestrian PVC products.

When you're working with horses, you can't compromise on safety or strength. That's why Duralock's equestrian systems are world leaders. The unique qualities of the post and rail system make it not just incredibly strong but Duralock race rail is internationally acclaimed as safe, easy to install and competitive.

Duralock race rail fencing is designed to cope with the pressure of a high-speed racing environment. Smooth surfaces, rounded edges and snap fit or T-Connections remove the risk of injury when brushing against the rails at speed.

PVC COVERS & PADDING

We have supplied orange and yellow PVC and Padding to Racecourses and Point 2 Point courses for the past 19 years.

As courses throughout the industry have different styles of Guard Rails, we offer a bespoke service to meet any requirement such as:

4 x 2, 4" half round

4 x 3 with chamfered edges

5" half round

The padding we use as standard is $\frac{3}{4}$ " thick.

MARKERS, FLAGS & SCREENS

We supply all racecourse flags and screens

Wattfences have a wide range of miscellaneous items available for Racecourses and Point 2 Point courses; flags, directional markers, "H" and "C" markers, starting tape and screens.

POINT 2 POINT

Wattfences Ltd have worked closely with numerous Point 2 Point courses in the United Kingdom for over 20 years.

Our services include building fences on site and supplying or hiring fences as required.

There are three main Steeplechase Frames approved for Point 2 Point use which can be manufactured in wood or steel. Steel frames are available in 6ft – 8ft sections.

Wattfences Ltd also supply the new regulation padding and PVC covers – made to any size/ requirements.

RACECOURSE WINGS

Wattfences offer 3 types of racecourse Wings:

Wattfences Wings 19ft

•

Gilling Wings 18ft

•

Duralock Wings 18ft

Wattfences Wings are currently in use at Doncaster, Musselburgh, Exeter, Huntingdon, Kelso, Stratford, Sedgefield and Catterick.

Schooling Wings are also available, please see our Trainers Brochure.

ROLL ON/ ROLL OFF

Easily transportable galvanised steel fences

Roll On/Roll Off fences have increased in popularity over recent years because of their flexibility in speed of removal from the course.

Makes it easier to maintain the ground

More flexibility with fence positioning

Galvanised steel frame increases durability and life expectancy

Sizes 30ft to 36ft

Currently in use at Haydock, Ayr, Musselburgh, Market Rasen, Leicester, Ascot and Ludlow.
